

Alum Rock Avenue Neighborhood Business District

San Jose Redevelopment Agency

The SJRA Neighborhood Business District (NBD) program improves commercial districts by upgrading building facades and signage; funding the construction of street and sidewalk improvements, new pedestrian lighting, banners and trees; constructing medians and parking lots; and moving of utilities underground.

Additionally, the NBD program supports business associations; provides retail recruitment and retention assistance; offers marketing programs and business training; and makes referrals to business development resources to provide healthy vital neighborhoods for San José residents.

Alum Rock Avenue

San José

Along the Avenue

With a **history dating back to the mid-1800s**, the Alum Rock area has long been an important and **vital retail shopping and social gathering place** in San José.

A San José Gateway

Located on the city's east side, Alum Rock is the **gateway to Mount Hamilton**, the **University of California's Lick Observatory**, beautiful **Alum Rock Park**, and **San Jose Country Club** in the **east foothills**.

The area's main thoroughfare is Alum Rock Avenue (State Hwy 130). This 2.25-mile commercial corridor runs from Hwy. 101 east to Manning Avenue and is surrounded by residential neighborhoods. Alum Rock's commercial district includes the charm of **Little Portugal** and the **Village** shopping areas.

Established Businesses

The variety of businesses along the avenue reflects the flavor of Alum Rock with long established businesses, such as PW Market, Peter's Bakery, Reed's Sporting Goods, Souza's Restaurant, Ducummon's Sporting Goods and Orchard Supply Hardware.

Retail Opportunities Abound

In 2000, local residents spent more than **\$528 million outside the Alum Rock Avenue trade area** for retail goods and services, indicating **significant need** for more retail establishments. This leakage of retail dollars has almost **quadrupled since 1994**.

Increased resident incomes combined with a **growing population** also contribute to the need for **quality retailers** along the avenue, including: general merchandise, home products, apparel, specialty retail, office supplies, copying services and dining.

Alum Rock Avenue Demographics The Numbers Tell the Story

The residents of **Alum Rock are young, educated**, and have **significant disposable income**. The median age is 31 and **nearly two-thirds own their homes**. Families make up 83 percent of households. The emerging and unrecognized market strength of this market area compares favorably with long-established markets, such as Willow Glen and The Alameda.
